Content may be submitted by users through Excellence in Measurement Technology Services, or through other means of contact with the user (including but not limited to email and mail), for use by Excellence in Measurement Technology Services and Content.

If you decide to transmit feedback, creative ideas, or materials, such as ideas for products, services, promotions, product names, technologies or processes, whether in the form of answers, questions, comments, suggestions, expressive works, plans, or otherwise ("Creative Submissions"), via the Services or through other means of contact including but not limited to email and mail, Excellence in Measurement Technology must protect its ability to pursue strategies or exploit ideas, whether coming from EMT's employees or from third parties, that may be the same or similar to the such submissions. By transmitting, uploading, posting or submitting any Creative Submissions, you hereby grant to EMT an irrevocable, perpetual, worldwide, non-exclusive, royalty-free, unrestricted license to use, distribute, make, exploit, practice, reproduce, modify, adapt, publish, translate, publicly perform, and publicly display, and authorize others to do so, all such Creative Submissions in any manner whatsoever, in any medium now known or later developed, without compensation, attribution or any obligation to you or to any other person or entity. You agree that EMT is not under any obligation of confidentiality or restriction, express or implied, with respect to the Creative Submissions or other feedback.

We are under no obligation to display or otherwise use any Creative Submissions you may provide, and we may remove any Creative Submissions at any time in our sole discretion. By Posting such a

Creative Submission, you also warrant and represent that you own or otherwise control all of the rights to your Creative Submission including, without limitation, all the rights necessary for granting the permission specified above.

By transmitting, uploading, posting or submitting any information or material using the Services (including, without limitation Creative Submissions; collectively, the "Submitted Material"), you represent and warrant that: (i) such Submitted Material is not confidential, secret or proprietary information belonging to someone else; (ii) such Submitted Material does not violate these Terms and will not cause injury to any person or entity; and (iii) no other party has rights in the Submitted Material, in whole or in part, and that your transmission, posting, uploading or submission of the information does not violate any copyright, intellectual property right or other laws or obligations you may have to any person or entity. You agree that you shall have no recourse against EMT, or its licensors, or suppliers, for any alleged or actual infringement or misappropriation of any intellectual property right in Submitted Material or any portion thereof. EMT is not responsible for back-up or restoration of Submitted Material or for any loss of or disablement of access to your Submitted Material.

You may not use the Services to publish or distribute any information (including software or other content) which is illegal, which violates or infringes upon the rights of any other person, which is defamatory, abusive, hateful, profane, pornographic, threatening or vulgar, which contains errors, viruses or other harmful components, or which is otherwise actionable at law. EMT may at any time exercise editorial control over the Content of the Services.

## Severability and Waiver

Unless as otherwise stated in the Terms, should any provision of the Terms be held invalid or unenforceable for any reason or to any extent, such invalidity or enforceability shall not in any manner affect or render invalid or unenforceable the remaining provisions of the Agreements, and the application of that provision shall be enforced to the extent permitted by law.

Any failure by Excellence in Measurement Technology or any third party beneficiary to enforce the Terms or any provision thereof shall not waive EMT's or the applicable third party beneficiary's right to do so.

## Indemnification

To the fullest extent permitted by applicable law, you agree to indemnify and hold Excellence in Measurement Technology harmless from and against all damages, losses, and expenses of any kind (including reasonable attorney fees and costs) arising out of: (1) your breach of this Agreement; (2) any User Content; (3) any activity in which you engage on or through the EMT Services; and (4) your violation of any law or the rights of a third party. These indemnity obligations will survive termination of your relationship with EMT or your ceasing to use the Services or Content.

Nothing in the Terms limits or excludes our liability for gross negligence, for our, or our employees’, intentional misconduct, or for death or personal injury.**

**Our total liability in any matter arising out of or related to the Terms is limited to US \$100. This limitation will apply regardless of the form or source of claim or loss, whether the claim or loss was foreseeable, and whether a party has been advised of the possibility of the claim or loss.**

# Changes to the Terms

Occasionally we may, in our discretion, make changes to the Terms. When we make material changes to the Terms, we'll provide you with prominent notice as appropriate under the circumstances, e.g., by displaying a prominent notice within the Service or by sending you an email. In some cases, we will notify you in advance, and your continued use of the Service after the changes have been made will constitute your acceptance of the changes. Please therefore make sure you read any such notice carefully.
